WORK EXPERIENCE

QA Automation Engineer

T-Mobile

04/2024 - Present

Achievements/Tasks

- Designed and implemented comprehensive test plans from the ground up, creating test cases to ensure full end-to-end (E2E) coverage of the application.
- Developed and maintained automated test scripts using Java and Selenium to validate web application functionality.
- Enhanced the testing framework to support scalable and efficient test automation.
- Contributed to performance testing efforts, ensuring a smooth migration to AWS.
- Identified and resolved performance bottlenecks post-migration through thorough application testing.

QA Automation Engineer

Sabre

04/2023 - 04/2024

Achievements/Tasks

- Developed test plans for both future and existing features through close collaboration with cross-functional teams.
- Validating and managing SOAP and REST responses to ensure data accuracy and integrity.
- Applying in-depth knowledge of Flight Passenger Name Records (PNR) in designing and executing relevant tests.
- Utilizing Google Cloud Logging to monitor and analyze test results for issue identification.
- Integrating test case updates into Jenkins pipelines for automatic validation during the CI/CD process.

QA Automation Engineer

Beesafe

09/2021 - 04/2023

Warsaw

Achievements/Tasks

- Developed and executed automated test scripts using Java and Selenium to test web applications.
- Created REST API test cases using Rest Assured.
- Implemented Playwright with TypeScript to mock API responses and verify correct page functionality.
- Added Continuous Integration (CI) with GitHub Actions.

EDUCATION

Management/Real estate management

WSB Gdansk

10/2018 - 07/2021

Electronics technician

ZSE Gdansk

09/2014 - 06/2018

SKILLS

Java

Selenium

Rest Asured

Copilot

Postman

Git

Playwright

JavaScript

Github actions

TestNG

Maven

Spring

Cucumber

Jenkins

PERSONAL PROJECTS

Created a Chatbot

- Developed a chatbot that fetched external data via an API and dynamically responded to user commands by posting the retrieved information in the chat.

Created page with random Spanish phrases

- SpringBoot/html page with random Spanish phrases/words generator for Spanish learning.

COURSES

JavaStart (12/2021 - 02/2022)

Fundamental concepts of object-oriented programming.

OdLaikaDoAutomatyka (02/2022 - 04/2022)

How to use Selenium WebDriver to write automated tests for web applications.

Rest Api - Automation Testing from Scratch (01/2023 - 02/2023)

How to test REST APIs using Java-based automation tools like RestAssured and TestNG.

Playwright JS Automation Testing (02/2023 - 04/2023)

How to set up and configure Playwright for web application testing. How to write test scripts in JavaScript using, page objects, selectors, and element interaction. How to integrate tests with CI/CD tools like GitHub Actions

Spring Boot 3, Spring 6 & Hibernate for Beginners (05/2023 - 07/2023)

Gained a solid foundation in Spring framework concepts.
